EXAMPLE

Please see below the itinerary, cost breakdown, links to book and discount codes you can use for 9 nights in Kenya at £794pp:

ITINERARY:

9th - 10am fly LGW to NBO (arrive 1am on the 10th and head straight to hotel - XXXXXXX - 4* with swimming pool)
10th - day to explore Nairobi/relax by the hotel pool
11th - 3 day/2 night masai mara safari (this company is very well rated on other websites as well as getyourguide. It is camping, if you want to stay in a hotel for the safari this will hugely increase your costs, IMO better to save the money for a nicer hotel on the beach later but up to you)
12 - safari
13th - safari, they will drop you back in Nairobi, then get the high speed train Nairobi to Mombasa (you could also get a relatively cheap flight which is quicker depending on timings), and check into your hotel in Diani beach
14th - 17th - Diani beach
18th - check out of hotel and take train back to Nairobi, catch 6pm flight back to LGW
19th - arrive back in London at 6am on 19th

(The flight prices are pretty similar for different dates so these can be moved around/extended relatively easily).

COST BREAKDOWN PER PERSON (doesn't include spending money or transport within the country apart from with the safari)

£406 return flights with XXXXXX LGW to NBO with 1 stop in ADD
£27 2 nights in XXXXXXXX - deluxe studio
£181 3 day/2 night Masai Mara safari including pickup and drop-off in Nairobi, accommodation and food
£180 5 nights in XXXXXXX Boutique Hotel & Spa - breakfast included

£794 TOTAL per person for 9 nights safari + beach trip to Kenya
